INSTRUCTION BOOKLET

PLEASE CAREFULLY READ THE SEPARATE HEALTH AND SAFETY PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME PAK OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT HEALTH AND SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES

WARNING - Seizures

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, such as while watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

**Convulsions
Altered vision**

**Eye or muscle twitching
Involuntary movements**

**Loss of awareness
Disorientation**

To reduce the likelihood of a seizure when playing video games:

1. Sit or stand as far from the screen as possible.
2. Play video games on the smallest available television screen.
3. Do not play if you are tired or need sleep.
4. Play in a well-lit room.
5. Take a 10 to 15 minute break every hour.

WARNING - Repetitive Motion Injuries and Eyestrain

Playing video games can make your muscles, joints, skin or eyes hurt after a few hours. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms or eyes become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms or eyes during or after play, stop playing and see a doctor.

WARNING - Battery Leakage

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:

- Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix alkaline and carbon zinc batteries.
- Do not mix different brands of batteries.
- Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- Do not recharge the batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the correct directions. Insert the negative end first. When removing batteries, remove the positive end first.
- Do not dispose of batteries in a fire.

Main Menu

After starting the game, the Main Menu screen will appear. Choose from Quick Game and Career Mode.

Quick Game

Quick racing action! Just select your track and then you're on your way.

Career Mode

Ten races of pure, high-octane excitement await you. This is your main Career Mode where you'll need to place first or second to advance, get paid and buy upgrades for your truck.

Upgrades

Your monster truck has four different attributes that you can increase by purchasing upgrades after winning first or second place in a race. You can also purchase nitrous. You will be granted money before your first race to purchase up to two upgrades of your choice to give you a jump-start.

Engine: Increase your truck's maximum speed in a race.

Turbo: Increase the acceleration of the truck.

Tires: Increase the truck's traction and control.

Shocks: Improve how well the truck handles rough terrain.

Nitrous: Gives you a strong burst of speed.

Winning Money

For each 1st or 2nd place finish you'll win a certain amount of money depending on the track difficulty. Each one is worth \$20. You can also accumulate extra money by picking up the dollar signs on the track.

Locations

SWAMPLAND — The first area to hone your skills as a monster truck racer. Some dips and muddy areas but nothing a trooper like you can't handle!

COOKS COUNTY ARENA — The first of four arenas. This one is smaller than the rest but has a few ramp jumps and a row of smashed up cars.

AMERICAN RACEWAY — A larger arena with a simulated bog area and cars to crush.

ORANGE COUNTY RACEGROUNDS — A large and difficult track with lots of dips and hills, a bog at the end and four sets of automobiles to smash through. The opponents here are mean and so are the fans.

CHAMPION RACEWAY — This indoor track has everything but the kitchen sink thrown in. The opponents are ruthless but the payoff is big: CHAMPION MT RACER!
